11. Topic 10.7 (c) and 10.8: Services Sector and World Bank IDU

How to read the maps

- Centre: the topic. Coloured branches: sub-heads. Boxes: facts to recall.
- Coral branch “Exam traps”: tempting wrong options and keys from the Scanner (Q numbers).
- Dark branch “Memory tricks”: the mnemonic from the flash cards.
- Facts come from the One Liners, the Scanner and the Study Material (July 2026). Where the Study Material and an older source differ, the Study Material is followed.
